AUTOMATED EXTERNAL DEFIBRILLATOR

DefiMax AED

Intuitive and easy to use semi-automatic defibrillator.

Defibrillator AED dedicated to be used in public access areas, such as shopping malls, sports facilities, workplaces, airports, railways stations, etc., fully compliant with directions of the European Resuscitation Council regarding the use of automated defibrillators.

Thanks to the clear voice messages and graphic instructions, as well as built-in metronome, even a person without a medical training is able to resuscitate a victim with a sudden cardiac arrest until an arrival of paramedics.

Easiness of use, intuitive interface and biphasic, advanced technology ensure the highest reliability of the device.

EUROPEAN PRODUCT SOLD AROUND THE WORLD

Over 25 years of experience, thousands of patient monitors and defibrillators sold in Europe, Asia, Australia, Africa and South America.
